

A Heartfelt Message to Our Sculpt Wellness Family

To our cherished clients,

We want to extend our deepest gratitude for your loyalty, kindness, and continued support over the years. Your trust in us has meant more than you know.

As many of you may know, life sometimes brings unexpected changes. After careful consideration and with a heavy heart, we've made the difficult decision to permanently close our Kennewick location.

This decision wasn't made lightly—it comes from a place of personal transition and the need to move forward with clarity and focus. While change is never easy, please know that Sculpt Wellness remains committed to **YOU**.

We are still here to support your wellness journey with open arms at our Pasco location, where you'll continue to receive the same high-quality care, familiar faces, and personalized attention you've come to love.

We're incredibly grateful to be part of your lives and look forward to welcoming you in Pasco. Thank you for standing by us during this transition—we're honored to continue serving you.

With heartfelt appreciation,
The Sculpt Wellness Team
